TO Whom IT MAY CONCERN

I am Nadeem George (immigrant) who migrated to Canada 7th of March 2019, with my family (two kids and wife) under PSR program after spending six years in utter agony and constant physical and psychological torture in Thailand. I fled Pakistan with my family as members of persecuted religious minorities.

Life in Thailand as asylum seeker would have been hell had it not been the timely help and support I received from CSIOC (charismatic Social Integration of Canada). Akash Qasir is representative of CSIOC become my co-sponsor.

CSIOC team came airport to received us and take to the house which was which was rented and prepared for us complete with all household amenities. CSIOC arranged my temporary job.

Although, I have been in Canada three and half years still keep in touch with CSIOC if I face any kind of problems face in my life. They are my guide and mentors. I'm thankful to God that I have such a dedicated, professional organization in Canada to help me in co-sponsoring resettlement of refugees. The chairman of the organization Tanveer Joseph always went extra mile whenever I have any problem or request for anything, starting from Thailand Mr Tanveer Joseph was big support for us and still now (if I call him for any advice).

Thank you CSIOC for all you have done for us and all that you do for persecuted people (Asylum seeker and Refugees). I'm happy very in Canada and praising God for His shower of blessings on us and I am progressing very well in Canada with their accurate guidance I just bought a house in Calgary and hopefully soon I'll start my own trucking business here,

Once again thank you CSIOC with best wishes and regards, God bless CSIOC.

Nadeem George
